Silicomanganese From India: Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On October 21, 2022, the U.S. Department of Commerce (Commerce) published the notice of initiation and preliminary results of changed circumstances reviews (CCR) of the antidumping duty (AD) order on silicomanganese from India. For these final results, Commerce continues to find that NAVA Limited (NAVA) is the successor-in-interest to Nava Bharat Ventures Limited (NBVL) in the context of the AD order on silicomanganese from India. Furthermore, NAVA is entitled to NBVL's AD cash deposit rate with respect to entries of subject merchandise in the above-referenced proceeding.

DATES: Applicable December 6, 2022.

FOR FURTHER INFORMATION CONTACT: Daniel Alexander, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4313.

SUPPLEMENTARY INFORMATION:

Background

On October 21, 2022, Commerce published the *Initiation and Preliminary Results*, finding that NAVA is the successor-in-interest to NBVL, and that it should be assigned the same AD cash deposit rate assigned to NBVL in the above-referenced proceeding.¹ In the *Initiation and Preliminary Results*, interested parties were provided an opportunity to comment regarding our preliminary findings. Commerce received no comments from interested parties.

Scope of the Order²

The merchandise covered by the *Order* is all forms, sizes, and compositions of silicomanganese, except low-carbon silicomanganese, including silicomanganese briquettes, fines and slag. For a full description of the scope of the *Order*, see the *Initiation and Preliminary Results*.

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, Commerce continues to find that NAVA is the successor-in-interest to NBVL for AD purposes. As a result of this determination, NAVA is entitled to the same AD cash deposit rate as NBVL with respect to entries of subject merchandise in the above-noted proceeding.³

Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced and/or exported by NAVA and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current AD cash deposit rate on silicomanganese in effect for NBVL. These cash deposit requirements shall remain in effect until further notice.

Monosodium Glutamate From the Republic of Indonesia: Preliminary Results of Antidumping Duty Administrative Review; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that sales of monosodium glutamate (MSG) from the Republic of Indonesia (Indonesia) have been made below normal value during the period of review (POR), November 1, 2020, through October 31, 2021. We invite interested parties to comment on these preliminary results.

DATES: Applicable December 6, 2022.

FOR FURTHER INFORMATION CONTACT: Andrew Huston, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4261.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty order on MSG from Indonesia covering two respondents: PT. Cheil Jedang Indonesia (CJ Indonesia) and PT. Miwon Indonesia (PT. Miwon).¹ For a complete description of the events that followed the initiation of this review, *see the*

Preliminary Decision Memorandum.² On July 11, 2022, we extended the deadline for these preliminary results until no later than November 30, 2022.³

Scope of the Order⁴

The merchandise covered by this Order is MSG, whether or not blended or in solution with other products. Specifically, MSG that has been blended or is in solution with other product(s) is included in the Order when the resulting mix contains 15 percent or more of MSG by dry weight. Products with which MSG may be blended include, but are not limited to, salts, sugars, starches, maltodextrins, and various seasonings. Further, MSG is included in the Order regardless of physical form (including, but not limited to, in monohydrate or anhydrous form, or as substrates, solutions, dry powders of any particle size, or unfinished forms such as MSG slurry), end-use application, or packaging. For a full description of the scope of the Order, *see the* Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. Further, because CJ Indonesia failed to cooperate to the best of its ability in responding to our requests for information, we relied on facts available, with adverse inferences, in determining this company's dumping margin, consistent with section 776 of the Act.

For a full description of the methodology underlying our conclusions, *see the* Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is on file electronically via Enforcement and

Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.⁵

Preliminary Results of Review

As a result of our review, we preliminarily determine the following weighted-average dumping margins for the period November 1, 2020, through October 31, 2021:

Manufacturer/exporter	Weighted-average dumping margin (percent)
PT. Cheil Jedang Indonesia	* 58.67
PT. Daesang Ingredients Indonesia and PT. Miwon Indonesia ⁵	14.61

* Rate based on adverse facts available.
